The **Senior Physical Education Program** is an optional, self supporting program for seniors to provide an alternative for participation in a regular physical education class during the school day. All programs carry an inherent risk of injury. The risk of injury may be severe. Also some programs will involve providing transportation for the students to and from the activity.

I have read the above information and hereby grant permission for the school year 2009-2010 for my son / daughter to participate and travel to and from the Senior Physical Education Elective Program.
